

THE HOMESTEAD by W. E. Rees.

This is another of Mr. Rees's designs. Personally I am not too happy about the more or less central position of the main tree and suggest that you might try tracing the design without the tree and do the tree separately. This could then be tried in various positions to see if a more balanced effect could be obtained. Possible just to the right of the house would be better.

- 1. Aspen
- 2. Lightish Burr
- 3. Darker Burr
- 4. Afa
- 5. Oak
- 6. Elm
- 7. Various Walnuts
- 8. Various Mahoganies
- 9. Sycamore.
